member of **THOMSUN** group

East Fish Processing LLC
Continental Food Processing LLC

A focus on Freshness

Focused on delivering quality Seafood fresh on your platter every day, the **Thomsun Group of Companies**, a UAE based business conglomerate with diversified business, established its full fledged Seafood Division in 1989 with two factories **East Fish Processing LLC** and **Continental Food Processing LLC** in Ajman, UAE.

Today, the company has an established presence across the UAE with branches in Abu Dhabi, Dubai, Ras Al Khaimah and Fujairah. **East Fish Company LLC**, in Mussafah, enjoys a significant market share of business in Abu Dhabi, while the Dubai operation of East Fish is Managed by **Star East Fish Trading LLC** located in Deira Fish Market.

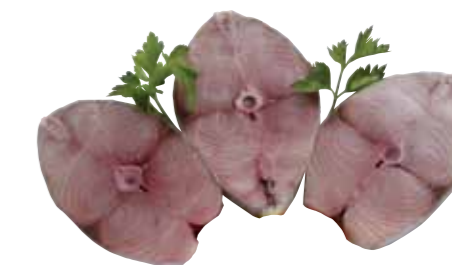

Receiving Area

Variety, Naturally! Satisfaction Consistently.

The market reach not only spans the UAE and the larger GCC region but also the entire Middle East, Far East Countries, USA and Europe.

In addition to providing a rich basket of the Fresh & Frozen Seafood products from around the world, East Fish also markets the choicest collection of diverse fish under the brand name **Coral Blue and Eastco.**

All products of the company are approved to the highest international standards of health and safety including HACCP certification as well as approvals by the USFDA and European Union a testament to the highest standards followed by the company.

Sourcing from proven and trusted suppliers around the World, East Fish has a rich roster of fish that appeal to seasoned food lovers. The bountiful basket of East Fish includes Lobsters Shrimps, Shellfish, Cephalopods, and a wide variety of other Fish species.

Fully equipped in-house laboratories conduct organoleptic bacteriological and chemical analyses to maintain the strict quality norms set by international bodies.

Fresh and Diverse

The taste of Seafood lies in the variety and what better location for Seafood processing than the shore of the warm waters of the Arabian sea that provide an assured wealth of different Fish species thanks to the optimum mix of salinity, temperature, pressure and ocean currents the four determinants of marine diversity.

Professional Approach

East Fish Processing LLC and **Continental Food Processing LLC** Ajman, boast the most advanced factories manned by seasoned professionals who understand the pulse of the seas. From Sourcing, Buying, Processing, Storage and Marketing. The plants conform to high standards of quality that are ensured and monitored through the highly effective **HACCP** Quality System. The high standards followed are reiterated by the **USFDA** and **EU** approvals thus endorsing the highest quality standards adhered to by the organization.

Thomsun Group's Seafood Division has a Cold Storage capacity of 10,000 MT, Blast Freezer capacity of 50 MT, per day. IQF Spiral Freezer capacity of 25MT, per day. Flake ice capacity of 30MT.

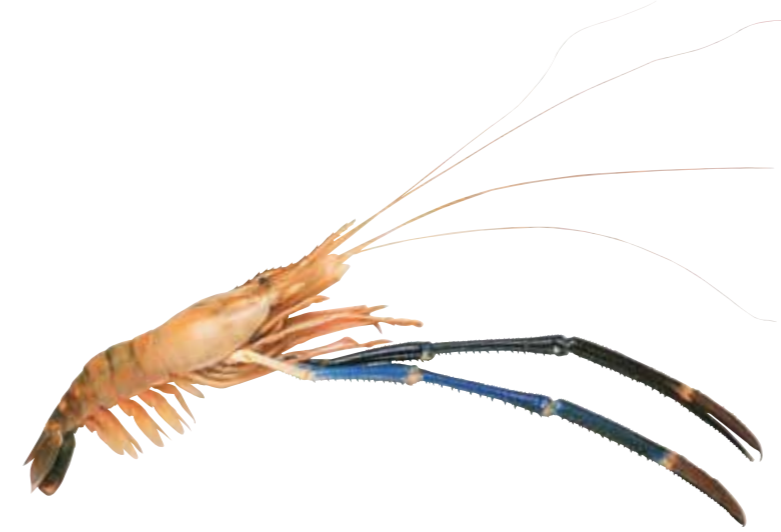

A World Taste

The Seafood Division has recently introduced a 1,000kg Live Holding and Live Transporting tank with Tropical water and Cold water functions to hold and transport fresh marine products from US, Canada, New Zealand, Australia and India among others.

Boasting a 1,000kg Smoking Machine, the Seafood Division also provides a whole range of Smoked items both Whole and Fillets. The company also has a Breeding and Battering line of 600kg capacity, providing the full range of Breaded Fish Products.

With over 300 experienced Professionals, the company has a full fledged in-house laboratory to ensure that all Safety parameters are followed on-time and to the most stringent parameters.

Cold Store

The future is Healthy

Having introduced Value-added consumer packets the companies rely on a fleet of Refrigerated and Chiller vehicles to deliver freshly processed Seafood right to the doorsteps of the most discerning clientele including Hotel, Restaurants, clubs, Industrial & Flight Caterers, Hyper Markets, Ship Chandlers & Retailers.

East Fish Processing LLC and **Continental Food Processing LLC** reach out to the world with their diverse array of Seafood Live, Chilled, Fresh and Frozen. Their products enjoy immense popularity in the US, Europe, China, Far East and Middle East.

Prominent Distributors of Seafood to the highly demanding Hospitality sector of the region, the companies distribute their Freshly processed Long life products under the Brand name **CORAL BLUE**, which is accepted as a synonym for quality Seafood.
